Dear FCC:

Please put your greed in a better service like stopping spam and filth on internet. Maybe spend more time on regulating the telemaketers on phone line and repairing the phone lines and cable services in the rural area's thank you.

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,

a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

If everyone wants another Dollar a month, I will have to give something up. The phone service is the most likly to go.

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,
